

Quamar Q50 E
Mini-pro!

Quick grinding in a tiny package.

Q50 E is a small, simple, and quiet espresso grinder that grinds your coffee directly into the portafilter, ready for instant espresso brewing.

home

Customization:

Matt and shiny black with 250g hopper configuration shown. Optional finishes and hopper sizes available; prices may vary.

Setting up the grinder for single, double, or triple shots is extremely easy, thanks to its touchpad with physical pushbuttons. The grinder is ideal for anyone who likes the traditional style of their grinder.

Advantages

- ♥ On demand grinding
- ♥ 8 different colors available
- ♥ User friendly display with touch sensitive buttons
- ♥ Programmable doses
- ♥ Extra long fork to hold portafilters for a handsfree workflow
